## Personal statement

---

I am a 27-year-old Portuguese web developer, living in Brazil since 2008. Currently I'm completing my superior course of software development. I love my dogs, I love to ride a bike, and to overcome new challenges every day.

I am looking for a professional opportunity, which provides the possibility of working as a team and learning new technologies.

## Key Skills

---

- Solid knowledge of HTML and CSS.
- Good knowledge of PHP and JS.
- Intermediate knowledge of JAVA and C.
- Familiar with Bootstrap, AngularJS, Android Studio.
- Basic of DBA MySQL, PostgreSQL
- Familiar with Projects Standards
